GUIDE**

The 12th International Oil and Gas Exploration, Production And Refining Exhibition

www.oilgasindonesia.com

GENERAL INFORMATION

OIL & GAS INDONESIA 2019

Oil & Gas Indonesia will be a comprehensive showcase for the energy industry of the country. The exhibition provides the most cost effective way to increase your business in one of South East Asia's biggest subsea market. Oil & Gas Indonesia is a highly focused one stop event. Together with Marintec Indonesia, it will be the only integrated event in Indonesia providing the perfect opportunity to meet face to face with potential clients who are actively looking for suppliers in these industries.

MARINTEC INDONESIA 2019

Marintec Indonesia is a highly-focussed event for the commercial maritime industry, spanning shipbuilding, ship repair, and vessel operations. It is held alongside Oil & Gas Indonesia, a comprehensive exhibition for petroleum exploration, production, and refining services and products, as well as Mining Indonesia. The offshore oil and gas industry represents a major segment of the maritime market in Indonesia, and similarly the transportation of mineral resources is also a key market for Indonesia's ship operators. The co-location of these three exhibitions yields significant synergies for both exhibitors and buyers that lead to new interactions and business projects.

BIZMATCH

Business Match Making, Connecting The Energy & Engineering Industry

PT. Pamerindo Indonesia will host a business matching program to provide a series of high quality buyers meetings on site at the exhibition. Powered by Jublia, this matchmaking service is expected to enhance your on-site experience and get the most out of your visit to Oil and Gas Indonesia. Not only is this matchmaking service easy to use, it also helps you to schedule meetings with the vendors you are interested in well in advance.

We know your time is precious! Pre-Register your visit before 13 September 2019, to take advantage of this BizMatch program to schedule meetings with your choice from more than 200 technology vendors at the show.
